

LAXMAN SHARMA

Student

Samakhushi, Kathmandu • (+977) 9848590208 • laxman.sharma1811@gmail.com

in @ <https://www.linkedin.com/in/laxman-sharma-43969a258/> @ <https://github.com/laxmansharma1811>

Aspiring IT student seeking an internship opportunity to gain hands-on experience and contribute effectively to the IT department of a progressive organization. Eager to apply theoretical knowledge in practical settings while learning and developing new skills under the guidance of experienced professionals.

EDUCATION

Bachelor in Computer Science (Hons.)

Maitidevi, Kathmandu

Sunway International Business School

Mar, 2024 - Present

PROJECTS

Social Media, Blog Website

Developed a dynamic social media website using Django, incorporating features such as user authentication, profile creation, and post sharing. Designed an intuitive interface for posting, commenting, and liking content, with features for following other users. <https://github.com/laxmansharma1811/Social-Media-Website-Using-Django>

Steganography Website

Developed a steganography website using Django for hiding messages or files within images. Implemented algorithms for encoding and decoding hidden messages, with features for uploading images and extracting hidden content. <https://github.com/laxmansharma1811/Steganography-Project-Using-Django>

CRUD Operations with Node.js

Developed a CRUD (Create, Read, Update, Delete) operations project using Node.js, an open-source, server-side JavaScript runtime environment. <https://github.com/laxmansharma1811/CRUD-Operation-Node-js-project>

Data Structures and Algorithms (DSA) Project

Developed a Django web app implementing Bubble, Selection, and Insertion Sorts for user-input integers, with user authentication and displaying results on a new page. <https://github.com/laxmansharma1811/DSA-Sorting-Project>

TRAINING/CERTIFICATIONS

Python Django Framework

Sunway College

Completed a comprehensive course covering the fundamentals of Django web framework, including building web applications, working with models, views, templates, and integrating Django with databases. Gained hands-on experience through practical exercises and projects, enhancing proficiency in Django development.

Introduction to Java

Solo Learn

Completed online Java programming course covering syntax, OOP concepts, data structures, and algorithms. Successfully completed assignments and quizzes, reinforcing Java fundamentals.

SKILLS

Programming Languages: Python, Java, Javascript, HTML, CSS & Bootstrap, Python Django FrameWork

LANGUAGE

Nepali, English, Hindi
